

PRATIK AND JOHN · 22 OCTOBER 2026

Growth roadmap, now to mid-2027

Where we focus, what we test, and what we need decided today.

BUENO | PROPERTY SIMPLIFIED

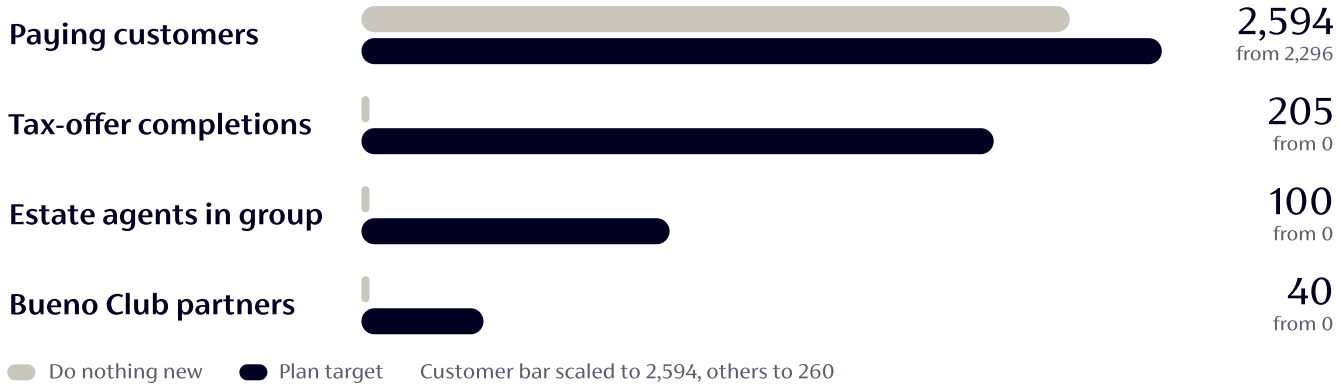

Four targets for 31 December

21,000+
newsletter subscribers

~1,800
people stuck in onboarding

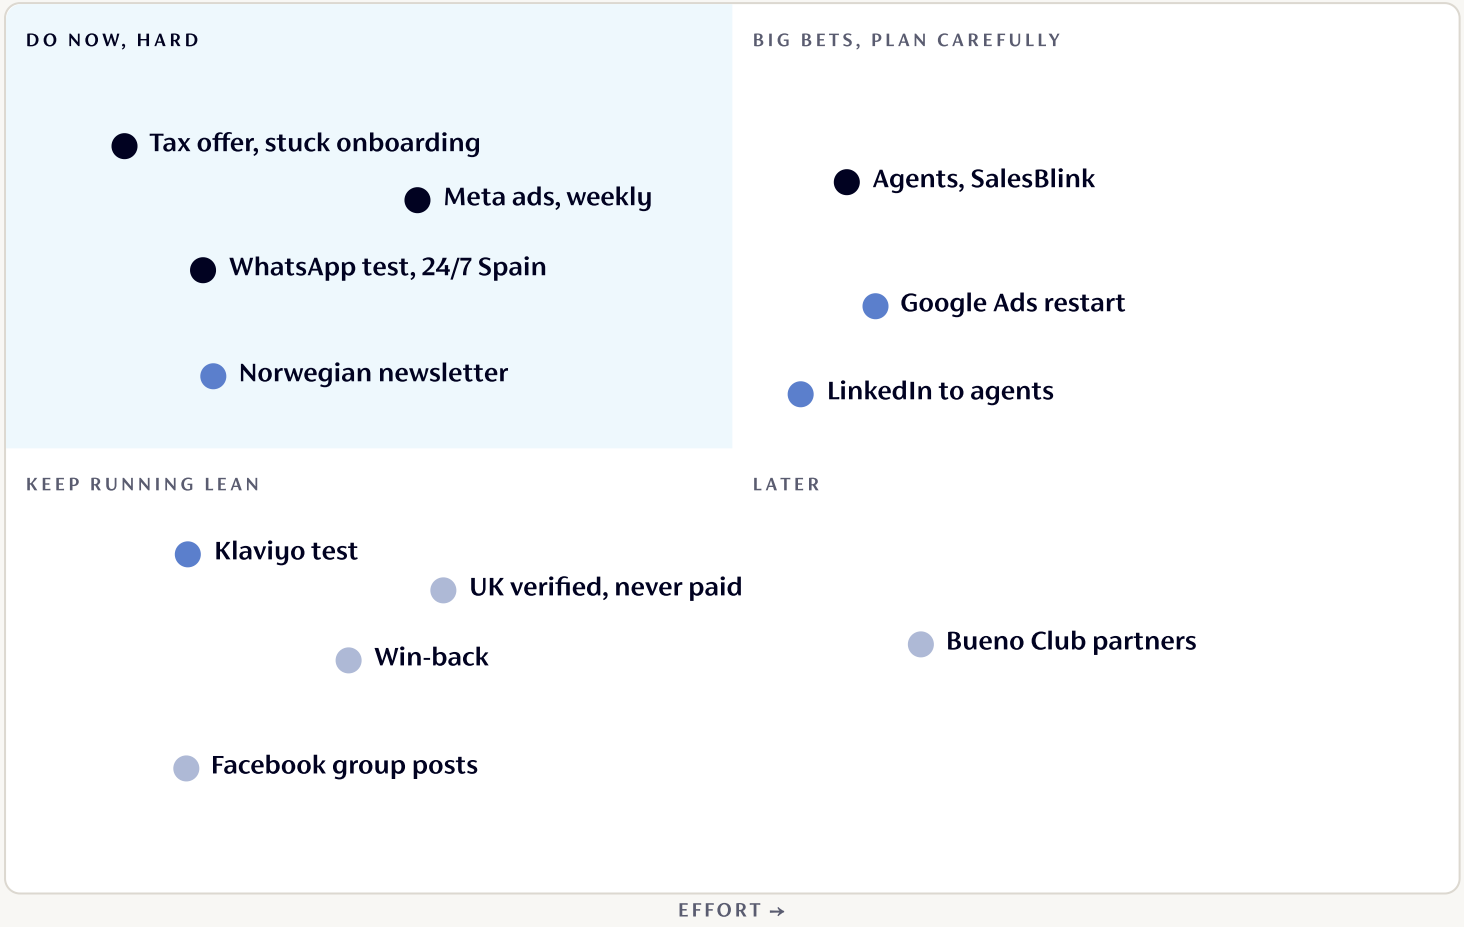

10,000+
people reached by ads each week

BASELINE IF WE DO NOTHING, AGAINST PLAN TARGET

WHAT IS KEY AND WHAT IS NOT

Impact against effort

Tier 1, every week

Tax offer, WhatsApp test, Meta ads, agent cold email.

Tier 2, test then decide

Google, LinkedIn, Klaviyo, newsletter. Each ends with a keep or drop call.

Tier 3, once Tier 1 is stable

Club, win-back, UK payers, Facebook posts.

TIER 1 CHANNELS

The four that move customers before Christmas

RUNNING · REVIEW PENDING

Meta Ads, Norway

€8

per register, 45+ a week

- 3 to 5 new ads every Monday
- Pause above €12 after 7 days

Tax offer, stuck onboarding

~200

completed accounts

- ~1,800 people, free next tax return
- Finish by 8 November
- Then the newsletter list

NEEDS GO-AHEAD

WhatsApp test, 24/7 Spain

1 group

owners ask, a person answers

- Linked from the tax offer email
- Link under every Facebook post
- If it works, copy for agents

Ask: yes to 24/7 Spain, and who answers daily.

WARMING UP · NEW LIST

Agents, cold email

100

agents in the group

- Checklist plus weekly rule updates
- One named person per agency
- Klaviyo and LinkedIn run alongside

Ask: who answers agents' client questions.

ROADMAP

Now to June 2027

FOR TODAY

Six decisions that unblock the work

1. **WhatsApp test on 24/7 Spain?**
   Live in week 44 with the tax offer.

2. **Who answers in the groups?**
   Owners and agents need a same-day reply.

3. **Norwegian ads sign-off**
   Plus a 48-hour review window for Mondays.

4. **Capacity for ~200 tax returns**
   And the newsletter extension after 8 November.

5. **Google budget and split rule**
   Decided on cost per register, end of November.

6. **Newsletter in Norwegian?**
   Every second Tuesday, John approves on Thursday.
