# Bueno Club: the venues we can now reach

We have built a list of 15,532 restaurants, furniture shops and shops used by foreign owners across 62 towns on the Spanish coast and islands. Each venue comes with its phone number and, where the venue publishes one, its email address. The list was built from Google Maps and from each venue's own website.

**13,808**
venues with a phone number, which is 89% of the list.

**7,074**
of those are Spanish mobile numbers, which usually reach the owner directly.

**5,011**
venues with an email address, which come to 4,103 unique emails.

**594**
emails belong to a named owner or manager. The rest are general inboxes.
